## **Federal Programs Complaint Procedures**

The Elementary and Secondary Education Act of 1965 (ESEA) requires the state educational agency (SEA) to investigate any complaint provided to the SEA.

Any individual, organization or agency (complainant) may file a complaint with the Division of Elementary and Secondary Education if that individual, organization or agency believes and alleges that a local educational agency, the state educational agency, or an agency or consortium of agencies is violating a federal statute or regulation that applies to a program under the ESEA. The complaint must allege a violation that occurred not more than one (1) year prior to the date that the complaint is received, unless a longer period is reasonable because the violation is considered systemic or ongoing.
